## †Terms & Condition†

**Name of Work:** Day to Day Preventive, Corrective & Routine Maintenance of entire Electrical Installation at Nalban Food Park, Salt Lake , sec.-iv

**This office e-Tender reference no. SFDC/MD/NIT- 15(e)2<sup>nd</sup> Call/2025-26**

### **SCOPE OF WORK:-**

1. The motto of the Preventive and corrective maintenance is to minimize Electrical Breakdown/ Fault, to prevent Fire hazard due to Electrical Short circuit/ Fault and to minimize downtime. Any incidence of fire hazard due to short circuit/ fault, falling of ceiling fan, luminaries etc. due to lack of maintenance would be viewed seriously and the agency would be held responsible.
2. The Scope of maintenance of electrical installation includes Routine, Preventive and Corrective Maintenance of L.T. Distribution lines to each floor of all the buildings/ blocks, entire wirings, BDB, PDB, VTPN, LT panels, Feeder Pillar Box, power & distribution cables, fittings & fixtures, Switch Boards, Power and Computer Points, Power outlet of all sorts of Air-conditioning Systems, Sound systems, PA Systems, **resetting/ Switching off of Fire detection system during normal operation/ malfunctioning etc.**, Operation, configuration & repair / replacement of Timers for AC / Compound light, Compound Lighting including high mast, all glow sign and metal sign boards in the campus, Electrical Installations/ distribution up to Switch Board/ Panel of Lift Machine Room (if any) & Pump Room (if any) and / or Kiosk of Pump for Water Supply system, in the premises of the said site.
3. Cleaning & checking of all the fittings & fixtures, Panels, TPN & SPN DBs, SFUs & other Electrical Installations, as well as the Compound Light installations in a regular interval to keep them in a tip-top condition at the cost of the agency and the same must be recorded in Log Book as per Performa provided by the department.
4. The checking & repairing of the different types of light fittings, ceiling fans, exhaust fans etc. has to be done by the agency at his own cost (except rewinding of ceiling fans and exhaust fans) including dismantling and re-fixing of the same. (Major materials to be supplied by department). Especially, all the ceiling fans of entire worksite are to be inspected, at least once in 3(three) Months, in respect of Split Pin, Jam nut etc. to prevent unwanted falling of Ceiling Fans, failing which responsibility will be fixed up upon the agency. Split Pin, once taken out from the installation should not be re-used under any circumstances. Required number of Split Pin and Jam nut should be provided by the agency at their own cost. Building wise Fan register should be maintained as per Performa provided by the department, wherein each and every details of checking, replacement of spares, repairing etc. should be recorded against individual fan and every record should be signed by the attending Electrician / responsible person of the agency, duly countersigned by the concerned officer
5. Measuring of various electrical parameters e.g. Current, Voltage, Temperature of different L.T. panel board, BDBs, Main switches etc., test of Insulation Resistance, Earth Resistance etc. are to be carried out every month and test results are to be recorded in Log book (preventive maintenance). Thermal Imaging Scanner should be used for measuring temperature of electrical equipment regularly to find out any abnormalities and printout of thermal image with date and time stamp should be provided to the concerned officer . In case, any abnormal reading is noticed, the same should be rectified/set right immediately by taking prompt, appropriate &

effective measures/actions in consultation with concerned officer. Thermal image should also be taken after rectification. The engaged agency will supervision overall maintenance works and examine Logbooks for any abnormality and sign the Logbook accordingly.

6. Switching On/Off of the common service lighting e.g. compound, corridors, staircases etc. and AC machines, Light, Fan etc in closed room like Library, Store, OPD, OT or these are not run beyond Office hours or off day will be the responsibility of the agency.
7. Cleaning of Sub-station rooms, LT panel rooms, **operation of HT switch gear & resetting the protective relays in case of any fault occurred** will be the responsibility of the agency. Fuel & Battery of Generator Set is to be monitored regularly & to be topped up as & when required (Fuel payment will be reimbursed by the Department). In case of failure of Generator in Auto mode the same has to be run in manual mode till the fault removal.
8. Operation of DG sets& checking and maintenance of AMF panel, Checking of Battery, checking of fuel level of DG Set, Lubricating oil etc, carrying & pouring of Fuel if necessary and maintaining separate log book for DG Set as per given Proforma. For Operation of DG Sets, s killedoperator should be provided.
9. Test run of all the DG Sets should be done at the rate 10/ 15 minutes Off/On load, as per direction of concerned Assistant Engineer, once in a month. For every operation including test run, entry should be made at the respective Log Book, mentioning Time of Start, Time of Stop, Current, Voltage, Frequency, Oil level at the time of start and stop etc. under signature of DG Setoperator countersigned by Company’s responsible person and concerned officer.
10. The agency will be fully responsible for regular inspection followed by close monitoring of entire system within his contract and will solve out if any complain received for the same (as & when required).
11. The units under maintenance contract if goes out of order, the same may be removed from its position by the agency to the agencies work shop for repair. For that period, replacement of a spare unit or another arrangement for purified drinking water / geyser / Chimney (if any) will have to be met by the agency. The spares/parts/ repairing payment will be reimbursed by the Department. Failing of compliance of any of the above mentioned terms for any period of time within the period. The department possess the rights to deduct the amount raised on this period of time on prorata basis from any bill submitted by the agency subject to the satisfaction of the officer.
12. Attendance Register / Log Book or Maintenance Register/ Material Issue Register / Stock Register / Repairing item Register / Each Lift Register (if any) / Test Report (if any) should be updated regularly & the same should be available at site. The register should be submitted to the concerned officer First working day of the next month.

- 20) Materials required as replacement during maintenance of electrical installations e.g. Lamps, SFUs, SPNDB, TPNDB, Cables etc. will be supplied by the Awarded Agency, for which a log book of Maintenance Materials used should be maintained by the agency concerned, duly counter signed by the SAE time to time., should be submitted to the concerned SAE (Electrical) well in advance, before raising the bill. The material stock register should be maintained by the agency where entries related to Issue, Consumption & present stock position of Materials should be made. However auxiliary items like fuse wires, screws, nuts, bolts, washers, insulating tape, Split pins of Ceiling Fans, dusters etc. will have to be supplied by the agency at his/ their own expense.
- 21) The agency shall have to deposit all dismantled unserviceable materials such as fused lamps, defective condensers, starters, and timers, MCBs etc. to the concerned Section Office or any other locations within worksite premises by the agency by its own laborers / arrangements / tools and

tackles as per the direction of the officer concerned. Fresh materials will be issued against respective defective materials. No materials should be taken out of the maintenance site without the permission and necessary challan of the site-in-charge/officer.

- 22) Any fault of electrical installations starting from LT supply end (except the installations of Power Supply Company) to light, fan, call bell, plug points etc. i.e. LT cables and all sub-panels, distribution boards, main switches, earthing attachments, compound lights etc. has to be detected, attended and restored by the agency by its own man power with the help of the materials(cables, main switches, DBs, wires, HRC fuses etc.) available from this department or as per the terms & conditions of this contract.
- 23) Any major shut down or fault should be brought to the notice of officer immediately in writing and over telephone for further course of action. The agency will also have to attend emergency calls immediately at the site with staff, tools etc. on demand.
- 24) The agency will have to attend the break down / fault of any nature involving electrical installations within the scope of contract and restore the same with its own manpower, tools and tackles keeping entries in log books (corrective maintenance) mentioning type of faults, nature of work done, fault clearance time etc.
- 25) In case of any breakdown caused by cable fault etc., if situation demands the agency will have to restore the power supply temporarily either with the materials available with this department or arranging the same temporarily and safely at his own cost till completion of original restoration work.
- 26) Building wise Log book is to be maintained for Preventive Maintenance & Cleaning and Corrective Maintenance of Electrical equipment except Fan as per direction of E.I.C. Separate Building wise Register is to be maintained for Ceiling Fans. The daily record of the Log book is to be signed by the responsible person and verified & signed by concerned PIC and photocopy of the same should be sent to the Executive Engineer concerned through proper channel at the time of submission of bills. The Logbooks should be available at Call center and should be produced on demand.
- 27) The agency should be responsible for any damage in the installation due to mishandling or mal-operation by its staff and shall be liable for rectification / replacement, as the case may be, of the damaged installation/ equipment within time frame to be fixed by concerned officer., failing which the said rectification/ replacement of affected equipment/ installation would be executed by external agency and the cost thereof would be recovered from the bill and the accused staff should be replaced immediately.
- 28) Bills should be submitted Half yearly with the certification of satisfactory performance of the concerned officer. Photocopy of Logbook and Attendance Register should also accompany the Bill. Payment should be made as per PWD norms.
- 29) The agency will have to carry out the annual contract at the quoted rate irrespective of any circumstances.
- 30) All the log-books should be available at the call center and to be produced to the Office of the officer on demand.
- 31) Payment of minimum wages as rules of Labour Department, Govt. of WB has to be abided by the agency, other facilities (ESI, PF etc.) applicable to the labour/ employee as per Govt. rule/ order issued time to time & the agency must have to submit the monthly challan of ESI & PF to the concern officer of the Department.

- 32) The philosophy of “Public Interest” would be the MOTTO of this maintenance contract. Any deviation may be viewed otherwise.
- 33) If any kind of incapability & negligence are noticed in observing all the above-said terms & conditions causing inconveniences to public service, is subject to unilateral penalty, be it detected on the spot or thereafter (even after payment). This Department also reserves the right to deduct the cost from the bills of the contractor on pro-rate basis as determined by the Engineer –In-Charge for any shortfall in observing above T&C. In that case, the above-said contract may be terminated without issuing any notice and Stringent & punishable action may be taken against the contractor.
- 34) In the Public interest, EIC may change any Skilled/Semi skilled/Workman/Lift operator from one shift to another shift.
- 35) The contract may be terminated with one months’ notice on either side.
- 36) This Maintenance contract covers all the buildings, blocks, outdoor electrical gadgets within the premises of the said site.
- 37) Any upcoming / ongoing project, which will be completed within stipulated period of Maintenance contract, automatically will come under maintenance contract.
- 38) The Agency must depute an Electrical Supervisor having valid SCC comprising with relevant part  
(1, 2, 3, 4, 5, 6A, 7A, 10, 11).
- 39) Half yearly & yearly bill to be submitted by the Agency and the same will be paid from NANBAN FOOD PARK END.

**DEDUCTIONS:**

- 1) Absent of staff at site in any shift would not be consider under any circumstances. The Agency should arrange same categorical staff as an replacement before release of previous shift staff. In case of absentee, a rupees of **Rs. 800 /- ( Eight Hundred only) per head per Shift per Day** may be deducted as Penalty in each bill.
